WE'RE BETTER TOGETHER

“

When I started using TOBY with my 3 year old autistic boy, he could not imitate, was non-verbal and could not match or sort. I was trying to teach him but did not know where to start. With TOBY I finally had some direction and found I could adopt the tasks into my routine and he actually started to enjoy doing them. We are so excited by his progress.

OSCAR'S MUM

”

WHAT IS TOBY?

- An app for iPad
- An eBook

TOBY'S AUDIENCE

- Young children with autism spectrum disorder
- Parents and carers
- Therapists
